FEATURED PRODUCTS AND MANUFACTURERS

Draeger *Wireless Gas Detection*

Polytron 6100 Wireless Gas Detector

- Wireless transmitter for continuous monitoring of toxic gases and oxygen.
- Intrinsically safe, SIL2-rated transmitter features completely wireless signal transmission and a power supply.
- Internal battery pack continuously powers the transmitter for up to a minimum of 24 months.
- Uses standard long life, low maintenance Draeger sensors.
- Flexible and cost efficient solution for plant expansions, upgrades, and new installations.

M4 Knick *Sensor Management*

Portavo 908 Multi

- Portable multiparameter analyzer for digital pH/ORP, conductivity and oxygen sensors.
- Portavo can be used for sensor calibration, diagnostic analysis, data-logging, and portable in-field measurement.
- Calibration and sensor condition are

- monitored and stored in the sensor head.
- Sensors can be calibrated in the field or the lab, sensors are interchangeable (not dedicated to a wire).
- The only portable meters with cFMus approval for use in hazardous Class 1, Div. 1 areas
