FEATURED PRODUCTS AND MANUFACTURERS

Draeger sensors

EC Sensors

Catalytic Bead

Infrared Sensors

- 2-3 times life span of competitor sensors
- Unique, patented electrochemical, catalytic, and infrared sensor technology
- Best performance and lowest cost of ownership compared to all other brands of sensors
- Fixed sensors are purpose built and designed to run 24/7/365
- Most competitors use portable sensors in their fixed transmitters

Ametek Thermox

Reliable Oxygen and hydrocarbon measurements for combustion control

*Oxygen and Combustibles
Measurement for Combustion
Efficiency*

Direct In-situ Flue Gas Oxygen Analyzers, Continuous Loop Eductor Analyzers for Gas/Oil/Coal-Fired Power Generation and Refinery Boilers and Process Heaters

*Furnace and Inert
Atmosphere Control
Analyzers*

Analyzers for Combustion Premix Burner Stations, Analyzers for inert gas atmospheres

CEM Oxygen Analyzer

Analyzers for Continuous Emissions (Pollution) Monitoring Systems
Analyzers for Wet/Dry ESP outlet flue gas scrubbing

Ametek Process Instruments

On-line process analyzers for trace moisture content of gases based on tunable diode laser technology

Moisture Analyzer Series

Electronic/Automatic, Stationary for Industrial and Outdoor Locations, Stationary for Instrumentation Racks & Benches

OXYvisor Optical Oxygen Analyzer

The OXYvisor Optical Oxygen Analyzer is a rugged oxygen analyzer for either parts per million or percent level measurements in natural gas

Tunable Diode Laser Instrumentation

For analysis of key gas analytes, perform measurements in remote locations

Krohne Level Measurement

Transmitters, switches, indicators and accessories for level measurement

Radar (FMCW) level transmitters

Non-contact level measurement of liquids, pastes, granulates, powders and other solids

Guided radar (TDR) level transmitters

Contact level measurement of liquids, solids or liquid-liquid interfaces

Ultrasonic level transmitters

Non-contact level measurement of liquids, bulk and solids

Displacer level transmitters

Contact level measurement of liquids and liquid-liquid interfaces in tanks or bypass chambers

Pressure level transmitters

Contact level measurement of liquids and liquid-liquid interfaces

Why choose ETAPII and Martech Controls? by Joel Myerson

ETA Process Instrumentation and Martech Controls offer a unique combination of sales, marketing, inventory, and service capabilities for customers in New England and Upstate New York. We understand that users of process measurement instrumentation have two goals - improving their processes, and lowering the cost of ownership of measurement instrumentation.
